

THIS CERTIFIES THAT
Vamos Fendt Querência - MT
HAS ACHIEVED AN
EDGE CERTIFICATE
CERTIFICATE NUMBER
GP2-BRA-23011210154410

Exemplifying achievement in the
following areas:

36%
Energy Savings

24%
Water Savings

57%
**Less Embodied
Carbon in Materials**

35.40 tCO₂/year
Operational CO₂ Emissions

20.19 tCO₂/year
Operational CO₂ Savings

ENERGY MEASURES

Reflective Roof
Insulated Roof
Efficient Cooling System
Efficient Exterior Lighting

WATER MEASURES

Water-efficient Showerheads
Water-efficient Faucets in Bathrooms
Efficient Water Closets
Water-efficient Urinals
Water-efficient Faucets in Kitchen

MATERIALS

Material-efficient Floor Slabs - Concrete Slab | Filler Slab with Polystyrene Blocks
Material-efficient Floor Finish - Tiled | Ceramic Tiles
Material-efficient Floor Finish - Concrete | Finished Floor
Material-efficient Roof Slab - Metal Roof | Aluminum-clad Sandwich Panel
Material-efficient Exterior Walls - Metal Wall | Aluminium Profile Cladding on Steel Frame
Material-efficient Exterior Walls - Concrete Blocks | Hollow Blocks of Medium-weight
Material-efficient Interior Walls - Concrete Blocks | Hollow Blocks of Medium-weight
Material-efficient Interior Walls - Metal Stud Wall | with Plasterboard

EDGE is a registered trademark of IFC. ©IFC 2023

The EDGE standard requires 20% efficiencies in energy, water and materials compared to a local benchmark. Predicted efficiencies are not a guarantee of future operational performance. Energy savings may be associated with virtual energy for comfort depending on the presence of heating and cooling systems. Virtual energy does not contribute savings to utility bills.

This certificate is issued by the Certifier based on information provided by the client and the audit by the Auditor, and is subject to the terms and conditions of the Certifier. Contact edge@ifc.org if the above measures are not consistent with your observation on the project.
